

Parkview Academy
Shaping Minds. Building Futures

KS 3/4

**Parkview
Academy**

Parkview Academy

Our vision is to forge strong, positive connections with students so they can achieve independence, build confidence, and gain academic knowledge.

At Parkview Academy, we offer a rich and vibrant curriculum which is ambitious for all learners. Through our curriculum, we develop the essential knowledge, skills and understanding which are the building blocks for later life. Our curriculum encompasses not only the formal requirements of the National Curriculum but goes beyond the experiences of the classroom to ensure that our children are exposed to the richest and most varied opportunities that we can provide. The curriculum is enhanced by our commitment to Values-based Education (including British Values) and, through this, we provide learning experiences which promote confident and self-motivated students.

It is our underlying belief that every child should feel valued and experience the feeling of success in a wide range of curriculum areas. We place priority on ensuring children's physical and mental well-being are met. We have designed,

organised, and planned our curriculum to ensure every child receives an appropriate mix of academic and personal development, which means in practice our curriculum places equal importance on core and foundation subjects. We understand that children will not be successful learners unless they are emotionally secure, therefore we designed our curriculum to be holistic and individualised for students' needs and interests.

As a school, we have a child-centred, personalised approach to providing teaching and learning opportunities based on an active learning ethos following a broad and balanced curriculum underpinned by therapeutic practices. We have the belief that student's self-esteem, confidence, and emotional stability can be greatly improved through academic achievement as well as social and personal experiences.

Our curriculum aims to ensure that it's intent, implementation and impact all support students' needs and supports them to build and develop their cultural capital so that they can be successful in whatever they choose to pursue.

Parkview Academy employ highly qualified staff and offers continuous CPD and high-quality training. Our staff follow a planned induction and received both PRICE and PACE training.

Interventions are identified from individual student's EHCP and planned alongside their individual timetables.

Our class sizes are small, no more than 6 students per group, with a teacher and LSA. We facilitate learning within year groups where possible implementing progress in a sequential manner for each curriculum subject.

Parkview Academy is registered for 25 students in Key Stages 3 and 4.
